## Natural Stone Disclaimer

Stones, including but not limited to marble, limestone and travertine, are a natural product and as such contain variations in color, veining and shading. Some stone will contain inclusions, pits or fissures as a result of its geological formation. The actual stone delivered may differ from the sample shown. Samples are used as a representation of the final product and will not be an exact match. When and where the product is quarried will affect the color.

These qualities are inherent in the nature of the natural stone product and are not in any way considered to be latent defects. As such, Marmiro Stones, Inc. is not responsible for differences from one stone to another and shall not be held liable in regards to any differentiation from technical specifications which cannot be exact when involving a natural stone product as of customer installation.

Some materials are porous in nature and while highly resistant to staining and scratching can be subject to both. Marmiro Stones, Inc. makes no warranties implied or expressed as to stain resistance or imperviousness of the products to scratching.

All products should be unpacked and inspected prior to installation, as Marmiro Stones, Inc. cannot accept any claims after material has been installed or altered. The appearance of the stone in the final product is also affected by the job design, workmanship, sealer, bond pattern, joint finish, and cleaning method. Please refer to the ASTM standards (formerly known as American Society for Testing and Materials) for more specific information concerning stone and paver specifications.

Marmiro Stones, Inc. has no control over the customer's selection or use of any stone. Prior to using or permitting the use of our products, the customer must determine the suitability of the products for the intended use and assumes all risk and liability whatsoever in connection therewith. The customer must also determine slip resistance, suitability and maintainability, as Marmiro Stones, Inc. is not responsible for any losses or damages sustained by the customer, or any other person, as a result of improper installation or misapplication of our products.

Marmiro Stones Inc. will not warrant any defects that could have been prevented by the customer, such as improper storage, installation and/or improper handling, preparation or cleaning by anyone not directly employed by Marmiro Stones Inc., including but not limited to customer, customer's contractor, sub-contractor and/or agent and the like.

We are not responsible for any damage sustained during installation or removal, labor nor any non-Marmiro products used with our product. We do not warrant any defects due to modification, alteration or service performed by anyone other than Marmiro Stones Inc.'s direct employees.
