OUR STORY

Established by Turgut Bekisoglu and Moe Arpacilar, Marmiro Stones® has emerged as a pioneer in the natural stone industry. Our unwavering commitment to honesty, innovation, passion, and unity - fuels our mission to provide exceptional products and services to clients worldwide.

Originating from Turan Bekisoglu's family quarries and factories in Turkey since 1959, we've evolved with modern facilities along the East Coast. Our comprehensive approach, from offices to design studios and fabrication shops under one roof, guarantees top-tier quality control.

Operating from seven distribution centers on the East Coast, our products are one delivery away. Our mobile showrooms service brings our expertise to your project, wherever it may be.

Marmiro Stones® isn't just about stone; it's about partnering with you from selection to installation, ensuring lasting beauty in your design. Join us in a journey where tradition meets innovation, guided by our core values, creating legacies in natural stone.

PAVERS

Natural stone has played an essential role in architecture, making its mark in both commercial and residential markets, elevating landscapes nationwide. Timeless and unique, marble, travertine, sandstone, and granite pavers offer a durable and long-lasting choice for all horizontal surfaces, embodying the enduring beauty of natural materials in architectural design.

HEAT TESTING DISCLAIMER

The following product and installation information is provided to assist Marmiro's customers with installation, maintenance and usage decisions. The heat testing information is intended to be strictly illustrative as it pertains to ranges of temperature measured on September 1, 2022 and September 9, 2022 in Carlstadt, New Jersey and is not to be solely relied upon by the customer in choosing the most appropriate product for a given project. These tests were conducted by Marmiro Stones using a laser temperature gun in its own facilities, which remain separate and apart from a thermal testing laboratory. It is understood that the installation, maintenance, and usage employed by each customer is outside the direction and control of Marmiro Stones and as such, is strictly and completely the choice and responsibility of each customer and their installer. It is important to note that the temperatures illustrated in this chart will vary based on these factors. Marmiro Stones expressly disclaims any and all asserted claims that may arise directly from information contained in this document(s), including but not limited to, loss of rights, materials, personal injury, or other potential injury. Incorporated by reference are all terms and conditions located within this catalog.
