HEAT TESTING DISCLAIMER

The following product and installation information is provided to assist Marmiro's customers with installation, maintenance and usage decisions. The heat testing information is intended to be strictly illustrative as it pertains to ranges of temperature measured on September 1, 2022 and September 9, 2022 in Carlstadt, New Jersey and is not to be solely relied upon by the customer in choosing the most appropriate product for a given project. These tests were conducted by Marmiro Stones using a laser temperature gun in its own facilities, which remain separate and apart from a thermal testing laboratory. It is understood that the installation, maintenance, and usage employed by each customer is outside the direction and control of Marmiro Stones and as such, is strictly and completely the choice and responsibility of each customer and their installer. It is important to note that the temperatures illustrated in this chart will vary based on these factors. Marmiro Stones expressly disclaims any and all asserted claims which may arise directly from information contained in this document(s), including but not limited to, loss of rights, materials, personal injury, or other potential injury. Incorporated by reference are all terms and conditions located within this catalog.
